SkyAPS™

Unlock the Power of SAP Oversight with Skywind SkyAPS™

Skywind SkyAPS™ Platform: Your Ultimate Partner for Streamlined SAP Operations

Are you ready to revolutionize your SAP oversight?

Skywind SkyAPS™, an industry leader platform, brings innovation to the forefront of SAP-centric solutions, empowering you to excel in Fraud Detection, Cybersecurity, Business Process Monitoring, SoD Compliance, Authorizations Inspection, and Technical Monitoring.

Discover SkyAPS™: Your SAP Transformation Solution

SkyAPS™ is designed to combat fraud and cyber threats, boost process efficiency, and provide unmatched transparency throughout all SAP transactional systems. Whether your company operates on S/4HANA, ECC, CRM, SRM, or BW, SkyAPS™ effortlessly melds with both On Premise and On Cloud solutions.

Why Choose SkyAPS™?

We combine expertise in fraud and cyber detection, GRC compliance, technical monitoring, and more to offer you a holistic solution designed for the modern enterprise. With SkyAPS™, you gain transparency, efficiency, and control over SAP processes, making your business agile, secure, and fully compliant.

Key Features:

Holistic Approach:

Cover all essential elements of SAP ERP control.

Comprehensive Solution Suite:

Leverage analytical and monitoring process across solutions.

Robust Algorithms:

Best-in-class analysis, monitoring, alerting, and reporting.

Versatility:

Compatible across SAP versions and database types.

Intelligent Data Distribution:

Precisely deliver crucial information when stakeholders need it.

Explore SkyAPS™ Platform Solutions:

Skywind 4C™:

Detect fraud and cyber threats, prevent business bottlenecks, control infrastructure, optimize SAP business warehouse functionalities.

Skywind SoDA™:

Gain real-time insights and historical analysis on segregation of duties and authorizations.
